

Academic year 2018-19

VISIT TO LITTLE DROPS

The first and second year B.A English students and three faculty members visited a non-profit organization, Little Drops, a home for the aged and mentally retarded women on 13-12-2018. Nearly 1000 old, sick, destitute people and mentally retarded women are taken care of in this home.

We left for the home from the College, in the College bus at around 9.30a.m and returned at 1.30p.m. Our students spent valuable time with the elderly people and gave them useful things like soaps, biscuits and bedsheets. Lunch was provided to the members of the old age home by the Sindhi Management.

Our students served lunch to the inmates of the home. The visit was a touching moment for all the students. They realized the value of human life. The students promised to contribute to the society by being compassionate and responsible citizens. The faculty and students followed blue colour dress code symbolizing faith and confidence.

The head of the Department of English, Mrs.S.Shobana, Assistant Professors Mrs.G.Tamilselvi and Shiby Wilson were the organisers of the event.
